WELCOME TO EPTIS

WE HELP YOU FIND A PROFICIENCY TESTING (PT) SCHEME OR ROUND FOR YOUR LABORATORY.

PT scheme database

The EPTIS PT scheme database is our core service, brought to you by a network of **coordinators** worldwide.

There are many PT schemes operated worldwide. You find a large share of them in our database - 1000s of them are regularly operated, and some are on demand. Try it out: the database is free and easy to use. Examples for your database query:

metals AAS

color colour textile

radioact* environm* (*the * is our wildcard*)

Found a suitable PT scheme? Contact its provider directly for further info.

Welcome to COMAR *new!*

Also visit our twin database **COMAR** if you are looking for a high-quality Certified Reference Material.
